

Drawing a Duck

1. GETTING STARTED

What is the duck doing?

What **SHAPES** does its body make?

HINT: Draw lightly with pencil
that you can erase or cover later.

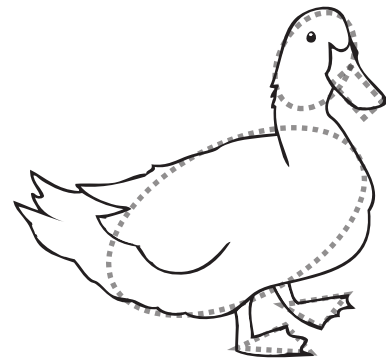

2. ADDING DETAIL

Draw more lines to create an **OUTLINE**

Look at the background and add habitat.

Where does this duck **LIVE**?

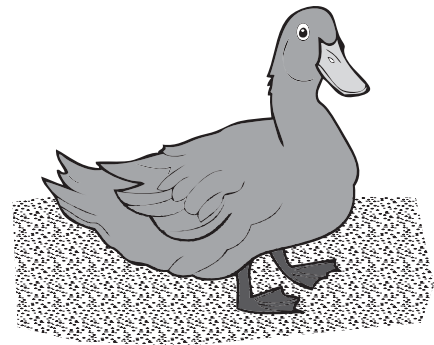

3. PERFECT

Add shadows and highlights.

Try to imitate **MARKINGS** on your duck.

HINT: Try mixing dark blue instead of black to deepen
shadows for a more realistic look.

4. ENTER

Congratulations! You just created a
masterpiece!
